Bowlcast Episode 6: Back the Blue

The following podcast was recorded on February 2, 2019, and aired February 28, 2019, on [RadioWehrwolf](#). Entitled *Back the Blue*, the podcast image depicts Dylann Roof, decapitating a police officer. This imagery supports the language and hate directed against law enforcement, that is prevalent throughout the episode. Below you can see direct statements to kill police. Add to that, specific violence directed against the Jewish community, rape of Jewish women and school shootings (highlighted below).

Although they use bigoted and hyperbolic humor throughout, including a final comment “This is easily the most fed-posting episode...I love it... it’s close to over the line,” the statements they make seem to reach a new disconcerting level of violence.

It’s hard to decipher who was saying which of the comments, the podcast included the following three speakers: aka *Vic Mackey*, *Mosin Nagant* and *Cheddar Mane*—mostly Vic Mackey and to a lesser degree Mosin Nagant.

The started a public Telegram group, which was initially called Outlaw Bottom Text. The address is as follows: t.me/conservativeboipucci. It is now called

Bowlcast Episode 6: Back the Blue 2.28.19

3:08: 1488 I encourage school shootings on the air right now.

3:09: We are also joined in spirit with Robert Bowers and Dylan Roof

4:30 Did I mention I encourage school shootings...Yeah what are we talking about today? School shootings? I mean there is nothing more fun than school shootings

8:04: What about Omar Mateen...A hero...Omar Mateen is a hero and I hope he kills a lot more of you faggots...faggots should definitely get Holocausted on the regular

6:33: I know you left folks and anarchists are really confused when we praise mamzer Arabs that kill you guys, but trust me there's a lot more that we agree on with them than with you guys...I'm not going to counter signal any Muslim that wants to kill you creatures...Omar, I hope he got his 72 Virgins...and I hope there are a lot more Muslims killing trannies and faggots in the future...I don't have to hope for that, because its gonna keep happening...here's to more dead trannies and faggots courtesy of our Arab friends

8:38: Make America Great Again- kill old boomer cuck faggots...

11:06 I would rather kill all niggers than enslave them again...

14:58: We need more dead Jews, more dead niggers than school kids...more dead brown school children...Nikolas Cruz was a mamzer...If we had a Nikolas Cruz shooting every week shooting up a Broward County, Jew County school...fuck yeah it would be so good for us

15:50: We need more school shooters for sure...they need to target heavily Jewish schools like Broward County...we need them to shoot the pigs when they show up...hail Saint Bowers for shooting up the pigs

20:49: Ethnic cleansing is so important to our cause, and we need to push that...that includes white people dude, we can't be tryin' to have a civil discourse with these retarded fucks

21:42: Saint Bowers and Saint Roof are absolutely cherished angels... we need that on a mass scale, we need 50,000 Bowers and Roofs...It needs to start with Jewish media moguls and pharmaceutical heads, the people who are really ruining this country

30:29 Just the fact that we were blessed with Sam Woodward's presence in our chat was just beautiful

31:38 Eddie (Emily) Gorcenski needs to be put feet first into a woodchipper...

33:06: **Vic Mackey Talking about Donald Trump** All these alt-right people that thought he was going to be the next Fuhrer. Now they hate him and they are black pilld and are much more likely to do radical things...they are more radicalized... "Bowered-up"...Trump is going to create more Bowers and more Roofs than any other event in recent history and that is why I supported him

34:25 I can just see it now...white gangs in the Southwest just going around and killing Hispanics in the streets that would be fucking great

35:00 Look at the record of history, white people kill other people way better than anyone else kills anyone else

42:52 Kill all the law enforcement agencies regardless of the acronym...

47:06 Does is not get you rock hard imagining a pile of dead pigs stacked hire than Trump Tower

1:01:24 If you put me in a room with some pig that does gun confiscation and (unclear)...if I was given one gun I would use it on the pig every single time

1:02:46 Vic Mackey: I'm going to live up to the Unicorn Riot Leak and "**kidnap and torture and rape Jewish women**..." I would live up to that...

1:03:43 Normally I would advocate never even touching one of those yentas, but ill tell ya, if I walked in a room, its go time... the yenta would be getting the pistol whip and the bowl...normally they repulse me and I would never want to copulate with one of those creatures, but it would be really hard not to, seeing the fear in its eyes like the shriveled up, battered yenta wetting itself in abject terror

1:07:44 This is easily the most fed-posting episode...I love it... it's close to over the line

Bowlcast Episode 7: Taste of Terror

3:00 Vic Mackey: And someone who is a co-founder of this thing that I can't thank enough, Baxter

3:15 Vic Mackey So today I thought that we would kind of switch gears, but not really from episode 6, and we would start talking about I guess more concrete meat space. Terror tactics, that sort of things, how to ramp up tension in your local community and make it less comfortable place for the mamzers and the white race traitors in your vicinity.

3:44 Vic Mackey one thing I wanted to say real quickly: it's amazing what a few pieces of paper, taped up across the street from a synagogue can do. Let's say you put up a few flyers – and do not use a laser printer for this because they have yellowdot tracking in them, use an inkjet and turn the contrast up pretty high and make sure you are wearing gloves when you print them. Put them up legally on a lamppost across the street, on towers, but in the vicinity of a synagogue or nigger community center and watch the kvetching that ensues. I'm not necessarily telling people to do this, but if they do I won't disavow them.

7:59: Vic Mackey Cheddar Mane, do you have any terror tactics that you would like to share?

8:00 Cheddar Mane No because I would never ever want my community to be tense at all, I would never do things as trivial as say driving around to gas stations where lots of blacks are and stick up anti-race mixer stickers "once you go black we never want you back." Predominantly at gas stations, we just need to quell the, uh, or if I was going to do something it would be mainly focused on all these fucking race traitors and all these dumb cunts and their fucking parents who have ruined everything and ruined the white race by allowing their daughters to be in the same room as a nigger. So no, I would never do anything against the law, but if it I did, this would be the kind of thing I would do.

9:34 Vic Mackey Wig Nasty, what are some of the terror tactics you would theoretically apply to your community?

9:40 Wig Nasty: Well I tell you us, up here in my neck of the woods we don't have that many Jews, and at least I don't see them around. I tell you we do have a lot of niggers, we have them everywhere. We have a lot of mudsharks as a result of that. You can put up all the stickers you want, and that's good and all, but I look to put a face behind the racism, I like to let people know there are people in the community that are not afraid to let you know that that shit ain't okay and we aren't cool with that shit. We see it all the time at gas stations and seeing a mudshark, and I'll yell at them right then and there. I mean it could be anything from "I bet your dad is real proud you fucking disgusting mudshark," something like that. You've got to shame them.

12:35: Vic Mackey People need to be acclimated to that kind of stuff, they need to be acclimated to the fact that these are sub-humans, because they are. All this cucky Alt-Right Identarian stuff where "national socialism for everyone, everyone has a homeland," people have to get that faggotry out of their heads because we are in a natural biological war against all our enemies, and you can't be cucking for black separatism, for mulatto separatism, for spic separatism, for any of that stuff, for sending the Jews back to Israel, no that's like a slap on the wrist. **Death needs to result from all of this.**

22:42 Vic Mackey I have it on good authority that those faggots (Antifa) have dropped more dimes than a coin store on me in the last two weeks because of the jokes I made about raping Socialist Dog Yenta in Bowlcast 6. I have it on good authority that they have been phoning them up and bitching to the feds that "why haven't you thrown this guy in federal prison for making jokes and a radio program.

23:37 Vic Mackey Micah Johnson, Andrew Brannan, and Christopher Dorner and anyone who has gone and gutted these filthy pigs did nothing wrong and more people should do that...

24:17 Vic Mackey Death to pigs...every last pig in America should be strung up by their toenails and whipped to death with box cutters...all cops are race traitors and are white genocide enforcers

26:10 Vic Mackey Our ultimate goal is to make whites better, more predatory...become who you really are, like your ancestors who raped and pillaged and conquered all over the globe while you sit there eating your soy burgers and whacking your meat.

26:43 Vic Mackey: You are going to have to kill your way to an ethnostate, blood is going to have to be shed, the blood of all non-humans and all traitors.

29: 56: Baxter: Say what you want about Muslims, at least they still throwing rocks at faggots until the fucking die.

30:00 Vic Mackey Throw rocks or throw lead like Omar did. [Reference to Pulse Nighclub]. Allah rest his soul. Allah rest his soul

“Ryan” comes in around 32:20

32:55 Baxter: That’s a great idea (talking about converting to Mormonism), several of us have.

[There is a lot of conversation about how Mormonism is the ideal, dropping out of the system, traditional values, development of an ethnostate, etc.]

[Starting here they discuss Jim Jones]

37:00 Vic Mackey A lot of people don't know that Reverend Jim Jones of Jonestown was one of those heroes, I wanted to Jones-pill our listeners and tell them why the man did nothing wrong and arguably did one of the greatest services to our cause that anyone has ever done.

38:00 Baxter Jim Jones is a great guy. Up until 9/11, the number of victims that he got was, 918 including himself, that was considered the worst terrorist attack against Americans in history.

39:00 Vic Mackey Jim Jones was literally over a hundred Dylann Roofs of what he did. This is a man who had influence in politics all over America and got boatloads of niggers, high ranking race traitors, communists and nigger lovers and a united states congressman that was one of the most oven-left by today's standards, and he finished them all off.

41:50 Baxter:His (Jim Jones) genuine plan was to kill communists and niggers and any sort of combination of the two.

58:45 (Unsure of the speaker) to be fair it's not really hard to convince an unconscious woman to come into your bedroom

58:54: Vic Mackey Aren't they all unconscious because they have no higher reasoning

59:08 Vic Mackey If you want to be a real ladies man, you know what you gotta do? You gotta get a basement and get down in there and dig a dungeon. And after you dig the dungeon, you have to dig an extremely large pit in the dungeon, and then you have to be pretending to load a couch into a van and find any random socialist yentas around and ask them for help to get the couch into your van. And you kidnap the yentas and then you bring them to the dungeon and then throw them in the pit and torture them a bit and starve them so that they, hopefully that

if it's a thicker or fatter yenta, you starve them and their skin stretches all weird, and then you have to dispose of the yenta and make a yenta suit of their skin...Molly [reference to Molly Cogner aka Socialist Dog Mom], don't worry I know Dan is going to send this to you I promise you, it will get the lotion not the hose again.

1:01:03 "Ryan" impersonating James Mason Well Vic, do you remember that game called Chutes and Ladders? I actually have a game that I play with captured Jewish females called Shoots and Batters. Basically, I have all the Jewesses or yentas as you may like to call them, lined up nude with their asses hanging out, and then me with a blind fold, and I walk around my hard dick in hand and the one who I stick my dick in the ass of, I creampie her butt and all the other ones I murder and rape their corpses.

1:04:17 "Ryan" impersonating James Mason Hey Vic, are you interested in another game I used to play with Molly? You've heard about Texas Hold'em right? I've got one called Chillicothe Rape and Kill'em. Well, basically its exactly like Texas Hold'em but if you get any card above a 6, I rape and kill you...too old!

1:05:25 Ryan" impersonating James Mason You know why I would rape her Vic?

Vic Mackey: Why is that Mr. Mason

Ryan" impersonating James Mason: "Cause its funny!

1:05 Vic Mackey Can you just imagine the noises that creature....just imagining that makes me happy. Seeing that disgusting hooked nose, leering, swarthy kike making—their suffering brings me immense joy.

1:11:21 Vic Mackey: No, it's jokes just like me saying violently rape Molly Konger to death, it's a joke!

BaxterIt's a meme!

1:13:17 Baxter:Hey, Vic Mackey is a spic guys

Vic Mackey:Yeah he is a spic, he's definitely in southern California, and you should look for him in all of the Nazi Low Rider bars

Baxter: Check out Modesto

1:24:11 Baxter talking about Chris Cantwell: He insulted my best friend Blaze Bernstein who was gay and Jewish

Vic Mackey:Bernstein is...excuse me WAS gay and Jewish

Baxter:He's dead now...he got stabbed but not in the way he wanted
